Dartmouth, NS B3B 0G5
Canada

Best Choice

Are you a private or government agency
or institution delivering health care or
emergency services?

If so, we can help.

Whether you need to consult or desire to further
develop your emergency health care and response
service, we offer support regarding all aspects of
your EMS system, overall design, implementation,
and management as we do for governments and
agencies in the advancing Canadian health and
emergency care environment.

We have developed associated expertise in
training, education, communications, fleet and
facilities in support of our mission of performance
based and patient focussed clinical response.

Medavie EMS is a direct provider of excellence
in health care service delivery. We are uniquely
positioned to understand and assist systems in
their development and to implement leading
edge processes in this area.

About Us

Medavie EMS is a wholly-owned subsidiary of
Medavie Blue Cross offering a variety of health
service products in Ontario, Quebec, and the
Atlantic Provinces in Canada. We currently operate
EMS systems in several provinces in Canada in all
fields and in challenging environments providing
emergency medical and health care response and
support facilities.

The Medavie EMS group provides services
through a number of companies across Eastern
Canada and we also consult internationally to
support the development of effective emergency
response systems.
